05.08.2017

You can check EQUI Token ID (EQ) here:

<http://marketdata.wavesplatform.com/api/symbols>

✓ EQUI Token is verified on Waves DEX (Green tick in front of it)

Total supply of 500,000,000 EQUI Tokens will be distributed as mentioned in the whitepaper:

1. 1,500,000 EQUI Tokens will be distributed in Bounty campaigns after ICO ends, as mentioned in terms and conditions of each bounty campaign. These tokens will be distributed between 15 Sep 2017 and 1 Oct 2017 after all Bounty fulfillment analytics is done
2. 148,500,000 EQUI Tokens are reserved for EQUI Team

These tokens will be saved for future, we do not have any plans do dump them.

3. 350,000,000 EQUI Tokens will be available for crowdsale

We will have a sale order for ✓ EQUI Token/✓ Bitcoin open on Waves DEX for 350,000.000 EQUI Tokens from **12:00 CET 15 August 2017** till **12:00 CET 15 September 2017**.

Price for 1 ✓ EQUI Token is 0.000037 BTC

There is no limit on how much you can buy.

There is no cabinet, where you need to register. You just place a buy order for ✓ EQUI Token//✓ Bitcoin on Waves DEX and purchased ✓ EQUI Tokens will appear in your wallet (takes usually up to 1 minute)

IMPORTANT:

We plan to raise a minimum of 550 BTC, as this is a minimum calculated amount of funds that can clearly move our project further and give us ability to bring EQUI App to masses, with EQUI Business being postponed for the nearest future.

If we do not reach a minimum of 550 BTC, we will refund investors by placing a BUY order for EQUI Token/BTC (with the same exchange rate of 1 EQ Token = 0,000037 BTC) so you are free to place a sell order for your EQUI Tokens and we will automatically buy them back. In this case, you get 100% refund; we do not hold any commission or whatsoever.

Total amount we plan to raise is 12950 BTC

If we pass the minimum amount (550 BTC), but won't reach the whole amount (12950 BTC) we will burn remaining EQUI Tokens.

Aside of burning remaining tokens from crowdsale amount, we will burn proportional amount from Team's reserve (148,500,000 EQUI Tokens mentioned above).

For example, if we sell 10% of crowdsale amount, we will burn 90% of crowdsale amount along with 90% of Team's reserve.

Doing this will equalize EQUI Token and back EQUI Token holders. We do not need to hold more than 30% of total EQUI Tokens in circulation.

Burning will not affect bounties.

EQUI Crowdsale: Terms & Conditions

The following Terms and Conditions (“Terms”) govern the sale of EQUI’s cryptographic tokens (“EQUI Tokens”) to crowdsale participants (“Purchasers” collectively, and “Purchaser” individually).

This document describes the initial sale in which the EQUI Token is sold. It is not a solicitation for investment and does not pertain in any way to an offering of securities in any jurisdiction. Individuals, businesses, and other organizations should carefully weigh the risks, costs, and benefits of acquiring EQUI Tokens early in the initial sale versus waiting to purchase EQUI Tokens on open, third-party exchanges.

IMPORTANT

Ownership of EQUI Tokens carries no rights express or implied. Purchases of EQUI Tokens are non-refundable. Purchasers should have no expectation of influence over governance of the EQUI Platform.

By participating in the sale of EQUI Tokens, you expressly acknowledge and represent that you have carefully reviewed the Terms and fully understand the risks, costs, and benefits of purchasing EQUI Tokens and agree to be bound by these Terms. As set forth below, you further represent and warrant that, to the extent permitted by law, you are authorized to purchase EQUI Tokens in your relevant jurisdiction, are of a legal age to be bound by these Terms, and will not hold liable for any losses or any special, incidental, or consequential damages arising out of, or in any way connected to the sale of EQUI Tokens, now or in the future, EQUI and its affiliates, and the officers, directors, agents, joint ventures, employees and suppliers of EQUI or its affiliates.

WARNING: DO NOT PURCHASE EQUI TOKENS IF YOU ARE NOT AN EXPERT IN DEALING WITH CRYPTOGRAPHIC TOKENS AND BLOCKCHAIN-BASED SOFTWARE SYSTEMS

Purchases of EQUI Tokens should be undertaken only by individuals, entities, or companies that have significant experience with, and understanding of, the usage and intricacies of cryptographic tokens, like bitcoin (“BTC”), and blockchain based software systems. Purchasers should have functional understanding of storage and transmission mechanisms associated with other cryptographic tokens. While the EQUI will be available to assist Purchasers of EQUI Tokens during and after the sale, EQUI will not be responsible for lost BTC, Waves or EQUI Tokens resulting from actions taken by, or omitted by Purchasers. Note, in particular, that EQUI Token Purchasers should take great care to write down their wallet password and not lose it so as to be sure that they will be able to access their EQUI Tokens when it becomes available after the initial sale. If you do not have such experience or expertise, then you should not purchase EQUI Tokens or participate in the crowdsale of EQUI Tokens.

WARNING: CRYPTOGRAPHIC TOKENS MAY EXPERIENCE EXTREME PRICE VOLATILITY.

EQUI Tokens do not represent any formal or legally binding investment. Cryptographic tokens that possess value in public markets, such as BTC, have demonstrated extreme fluctuations in price over short periods of time on a regular basis. A Purchaser of EQUI Tokens should be prepared to expect similar fluctuations, both down and up, in the price of EQUI Tokens denominated in BTC or United States dollars (“USD”) or currencies of other jurisdictions. Such fluctuations are due to market forces and represent changes in the balance of supply and demand. EQUI cannot and does not guarantee market liquidity for EQUI Tokens and therefore there may be periods of time in which EQUI Tokens are difficult to buy

Additionally, due to different regulatory dictates in different jurisdictions and the inability of citizens of certain countries to open accounts at exchanges located anywhere in the world, the liquidity of EQUI Tokens may be markedly different in different countries and this would likely be reflected in significant price discrepancies. By purchasing EQUI Tokens, you expressly acknowledge and represent that you fully understand that EQUI Tokens may experience volatility in pricing and will not seek to hold any of the EQUI Parties liable for any losses or any special, incidental, or consequential damages arising from, or in any way connected to, the sale of EQUI Tokens.

WARNING: THE PURCHASE OF EQUI TOKENS ENTAILS A NUMBER OF RISKS.

The purchase of EQUI Tokens carries with it a number of risks. Prior to purchasing EQUI Tokens, you should carefully consider the risks listed in this document and, to the extent necessary, consult an appropriate lawyer, accountant, or tax professional. If any of the following risks are unacceptable to you, you should not purchase EQUI Tokens. By purchasing EQUI Tokens, and to the extent permitted by law, you are agreeing not to hold any of the EQUI Parties liable for any losses or any special, incidental, or consequential damages arising from, or in any way connected, to the sale of EQUI Tokens.
